

CURRICULUM VITAE

Dr. Myung Seung YANG is the President of Korea Atomic Energy Research Institute(KAERI). He got his Ph. D. from the Department of Materials Science and Engineering at Northwestern University, U.S.A. in 1983. He joined KAERI in 1975 after he got his M.S. from Korea Advanced Institute of Science and Technology. After his education in the United States he returned to his profession at KAERI in 1984 working for many key R&D projects on nuclear energy such as the DUPIC fuel development program. He has also contributed significantly to promote the nuclear non-proliferation as a member of the IAEA INPRO and the Korean delegate to the GEN-IV PR & PP Expert Group.

He served as a Board Member of the Korea Metal and Material Society, a Member of the Korean President Advisory Committee of Energy Policy, a Chairman of the Nuclear Materials and Fuel Division of the Korean Nuclear Society and a President of the Korean Chapter of the Institute of Nuclear Material Management.
