

Speaker: Yusuke Kuno

Session 1:

Title: Peaceful Nuclear Energy Use and Japanese Effort for Nuclear Nonproliferation

Japan stays the Nuclear Fuel Cycle (NFC) policy. This presentation will cover introduction to the present status of nuclear energy use in Japan, Japan's efforts to ensure compatibility between peaceful nuclear energy use and nuclear non-proliferation, and responsibilities of States which pursue nuclear energy option. Applications of effective and economically viable non-proliferation measures are Japanese challenges for future NFC.
